RELATED WORK EXPERIENCE

I.T. Developer & Specialist

AD STANDARDS COUNCIL, JUNE, 2023 - MAY, 2024

I gained so many experience at the organization during my tenure, learned a lot of skills like doing hardware, programming website and mobile development. I also do design for their PowerPoint, posters, and such on every event they're having.

D.E.S.O. Technical Support Staff

COMELEC, MAY, 2022

I've done hardware troubleshooting, assisting people whenever the machine's having a problem.

Freelancing at Programming

2021 - 2023

I assist people onto their projects whenever I'm having a client. I teach them on what I'm doing to their project that I had built and solving their problems/bugs into their system.
